

## TRACKER AND DSI 700 ACCESSORIES

- A** 98-0099 Self-paced Training Course
- B** 98-0086 Universal Edge Card Adaptor and Cable
- C** 98-0314 Foot Switch
- D** 98-0146 ZIF Adaptor Board and Cables
- E** 06-3046 Front End Adaptor Board
- F** 98-0027 64-Pin IDC/Clip Cable
- G** 98-0102 40-Pin IDC/Clip Cable
- H** 98-0103 20-Pin IDC/Clip Cable
- I** 98-0078 Huntron Microprobes Model MP10
- J** 98-0249 Huntron Microprobes Model MP20
- K** DIP CLIPS:
  - 07-1235 8-Pin
  - 07-1236 14-Pin
  - 07-1229 16-Pin
  - 07-1237 18-Pin
  - 07-1234 20-Pin
  - 07-1238 22-Pin
  - 07-1239 24-Pin
  - 07-1240 28-Pin
  - 07-1230 40-Pin

**Self-Paced Training Course 98-0099** The self-paced training course takes you through basic Tracker theory and into all phases of troubleshooting using ASA.

**Universal Edge Card Adaptor (UECA) 98-0086** Using the DSI 700 with the UECA, you can quickly scan the pins of an edge card connector.

**Front End Adaptor Board (FEA) 06-3046** Using the DSI 700 with the FEA, you can create custom wiring fixtures to aid in troubleshooting a board.

**ZIF Adaptor Board 98-0146** Using the DSI 700 with the ZIF adaptor board, you can quickly check and compare loose DIP/SIP components.

**Foot Pedal 98-0314** The Foot pedal allows you to start and stop the scanning of the DSI 700, leaving your hands free to move the probes or clips.

**MP-10 Microprobes 98-0078** Huntron's patented micro probes for the Tracker 1000, 2000, 2500, 5100DS and DSI 700.

**MP-20 Microprobes 98-0249** Huntron's patented micro probes with safety shrouded banana plugs for the Tracker 4000, ProTrack I models 10 and 20. Can also be used with any instrument that accepts safetyshrouded 0.16" (4mm)
