793-1 MICRO ADAPTOR KIT

793-1 KIT
TYPICAL APPLICATION

This micro adaptor kit allows the user to mix and match from either end of this 12" lead set and is an easy method of making connections with IC's, test points, wire wrap pins, terminals and other miniature components. The accessories simply plug onto the red or black lead wires (4262-1) by way of a .025" square pin. The set includes 1 red, 1 black 4262-1 lead adapter, 1 red 4379 clip, 1 red 4359 pico hook, 1 black 4258 micro hook, 1 black 4256 pincer hook.....

THIS KIT INCLUDES

1 RED & BLACK ADAPTOR LEAD	1 BLACK MICRO HOOK	1 RED PICO HOOK	1 BLACK PINCER HOOK	1 RED MINIGATOR CLIPS
